Here is a video showing some of the multiplayer functionality of Wii Play. The new Wii game is expected to cost \$50 and will ship with a Wii Remote. Will this be the next game to mix in as part of a good Wii Workout? Maybe so. Laser Hockey looks very cool. Games include:

- Table Tennis
- Laser Hockey
- Fishing
- Find Mii
- Pose Mii
- Shooting
- Billiards
- Charge!
- Tanks!

The current expected release date for Wii Play in the US is 02/12/07
